WORK IS SURPRISE

RED CROSS VOLUME OF BUSINESS GROWS ENORMOUSLY

SUPPLIES $3,000 A WEEK

Additional Room Is Given by Mrs. Chas T. Bell—Meeting Yesterday of the Executive Board

At a meeting of the new executive board of the Nodaway county Red Cross chapter held yesterday afternoon, plans were discussed for securing a definite source of income with which to permit of uninterrupted work by all the auxiliaries of the county. At present the cost for supplies approximates about $3,000 a week, the business having reached enormous proportions. Even the newly elected chairman, G. B. Roseberry, was astonished to find the size and extent of the work of the more than forty working auxiliaries. With funds nearly exhausted some means to secure money for supplies to keep working until the next Red Cross drive is over must be devised. Some of the members of the board favored a Red Cross sale as one means of securing funds. No action was taken at the meeting, however, the main purpose being to familiarize the new officers with the organization and business routine.

So rapidly has the work of the chapter grown and such a large volume of work is being done that it was found necessary to secure more room and through the liberality and patriotic desire of Mrs. Chas. T. Bell to aid the cause her offer to give the use of her building at 111 West Third street, formerly occupied by the Vandersloot meat market, was accepted. The room will be used as a store room for supplies and packing, garment workers will be given a place where they may work and the office of the secretary, Merrill J. Alderman, will occupy the remainder.

The retiring secretary, F. P. Robinson, turned over the accounts and records of the office, everything being correctly checked to date, Mr. Robinson having kept the business systematically so that little was left to be done execpt to receipt for them. Miss Bertha Lanning will be retained as stenographer in the office of the secretary.

Chairman Roseberry announces that there will be no change in the personnel of heads of departments.

The executive board of the chapter is composed of G. B. Roseberry, chairman; Merrill J. Alderman, secretary; Roy Curfman, Paul Sisson and E. E. Williams.

MRS. TIBBELS GIVEN $8,000

Attorneys for Great Western Railroad File Motion for New Trial and Ask Arrest of Judgment

The jury in the case of Mrs. Anna C. Tibbells of Sheridan against the Chicago Great Western railway, seeking to recover in the sum of $10,000 for the death of her husband, was awarded damages of $8,000, the verdict being returned late Saturday night after a court session lasting three days, the trial being hard fought on both sides.

Motion for a new trial was made and also motion was entered asking for an arrest of judgment pending the decision of the court.

Much interest attached to the case because of the manner in which Mr. Tibbells was killed and from his being widely known over this section of the state. A crowd filled the court room Saturday evening to listen to the arguments of the attorneys and it was nearly ten o'clock when the case was given to the jury.

QUOTA OF 9 NEARLY FILLED

Draft Men for Last Contingent On March 29 Are Volunteering for Service Without Call

The next contingent of nine men called to service on March 29 will be composed of volunteers, six men having applied already to the draft board for permission to go on that date. The other three needed are expected to volunteer today when the names will be announced by the draft board.

The decision to accept men who asked to go resulted from the order that men who were engaged in agriculture to be given deferment until after harvest, making it necessary to disregard the order in which the men were to have been selected for the contingent.

MISSOURI PASSES THE GOAL

Missouri has passed the $13,000,000 mark in the sale of thrift stamps and war savings certificates. A complete tabulation of the 114 counties and the city of St. Louis has been compiled. Nodaway county is in class four, the sales here being from 10 to 20 per cent of our quota. There are two classes above the fourth class, being those who reported sales from 30 to 45 per cent of their quota and those reporting from 20 to 30 per cent of their quota.

MEETING A SUCCESS

TEACHERS AND PATRONS MEET AT RAVENWOOD SATURDAY

QUESTIONS DISCUSSED

Demonstration of Potato War Bread by the Harmony High School—Many Were In Attendance

The teachers and patrons of Jackson Independence, Jefferson and the east half of Polk townhips held their district meeting, Saturday at the Methodist church, of Ravenwood. A good crowd was in attendance and much interest was shown throughout the meeting. Many important questions concerning high schools and elementary schools, both town and country were discussed.

The forenoon session began at 9:30 o'clock with Prof. F. W. Baker chairman. The following program was given:

Song—Ravenwood school.

Invocation—Rev. Wetzel.

Address of Welcome by Mr. Chas. E. Tebow, member of the Board of Education of the Ravenwood schools.

Exercise by intermediate pupils, Ravenwood.

"Teaching of Language and Grammar," Louise McCann.

In this Miss McCann stressed the importance of live language lessons as above that of technical grammar. Points were brought out showing the home influence of language on the child all during life. Much emphasis was also given to the value of composition work.

Exercise—Morning View.

Reading—Beulah Brown, Diamond Branch.

"Training for spring track meet," Prof. F. W. Baker ,setting forth the rules and regulations for the spring meet, which for that district will be held in Ravenwood, Saturday, April 6. The purpose of the event is to bring the pupils more closely together and thereby increase the school interest. The events are divided into classes according to the pupils' weights and only those pupils of goods standing in class room work will be permitted to take part. There are two divisions, one for those of the town schools and one for those of the country schools. A fee of fifty cents for five or less entries and ten cents for each additional one should be paid to Prof. Powers of Parnell at least one week before the event.

Song—Ravenwood school.

"Teacher's Duty to Community," Supt. W. A. Powers.

Mr. Powers outlined the following to be the teacher's duty toward the community, through her own example. She should show the pupil how to live. She should co-operate with the county superintendent in all matters of school work; sympathize with the community and teach the children the spirit of co-operation.

The afternoon program opened with music by the K. K. Club orchestra, Parnell.

"Importance of a Clean School Room and How to Keep It That Way," Gertrude Smith.

"Cleanliness is next to Godliness" in that it teaches sanitation, makes the pupils feel contented and homelike, brings co-operation between pupil and teacher, teaches co-operation between pupils and teacher, brings good work in school, prevents the spread of disease germs and teaches the child to be watchful at home.

"Weakness of Rural Eighth Grade Graduates in High School," Allie Cleveland.

In this Miss Cleveland set forth the following causes for weaknesses: The isolation of the rural school from the high school, the few in number enrolled, the conditions, the poorly paid and much over-burdened teacher, the poorly equipped library, the pupils deficiency in grammar and inability to read. Thoroughness of the grade work was given as a proof against weakness in the high school and this may be greatly brought about by the teaching of vitalized agriculture.

Song—Parnell school.

Orchestra—K. K. Club, Parnell.

Solo—Conception Junction school.

"Preparation of Eighth Grade Pupils for Final Examination — Prof. Earl Richards.

Mr. Richards brought the suggestion of having the pupil really teach some of the classes of the lower grades as a means but for the examination he needs to know the "why" which is most

ALBERT MERCER QUITS RACE

A Business Deal Just Made Looked Better Than Elective Office

Albert Mercer has withdrawn from the race for chief of police, following his decision to again re-enter business. Mr. Mercer says he does not withdraw in favor of any of the three remaining candidates, his only reason being that a business opportunity presented itself that looked better than a job of chief of police.

The withdrawal of Mr. Mercer leaves the race between Eph Tilton, Purl Edwards and Mike Liston.

Mr. and Mrs. William Heideman of Mt. Sterling, Ill., are guests of their son, E. W. Heideman and wife.

ARRESTED A CRAP SHOOTER

Percy Wilson Was On His Way With a Good Sized Roll When Sheriff Dowden Interrupted the Getaway

Percy Wilson, of color, languishes in the county bastile, charged with gambling, more specifically, crap shooting. Percy might have remained unmolested had it not been that he was said to have acquired a good sized roll from other members of the party in a somewhat unorthodox manner and promptly decided to leave the country. Sheriff Dowden nabbed him at Ravenwood as he was about to board an outgoing train. He was brought back and placed in jail. The game in which Wilson is said to have participated occurred at the old Star barn. He had a large roll of bills and a quantity of silver when arrested. He has not yet been arraigned.

BOYS TO THE FARM

THIS IS REGISTRATION WEEK FOR ALL WHO WILL GO

COM'L. CLUB GIVES AID

Will Put Farmers In Need of Help This Summer With Men and Boys Who Are Seeking Work

This week, commencing March 18, has been set apart by a proclamation issued by Governor Gardner, during which boys who are not as yet of draft age will be enrolled for farm work. The unit to which these boys will belong is known as the "United States Boys' Working Reserve," and school officials are urged to co-operate with enrolling agents and many have themselves been appointed agents. Churches, lodges and civic organizations have all been requested to help make the enrollment a complete success.

The great scarcity of farm help prompted Governor Gardner to take this measure of securing aid for the farmers. He believes that under the careful tutelage of the farmers the boys will soon become skilled farm hands. All information regarding the enrollment can be obtained from State Superintendent of Public Schools Uel W. Lamkin, county clerks and chairmen of county councils of defense.

For Nodaway county the secretary of the commercial club, who is also secretary of the county council of defense, will enroll all boys who desire to secure positions on farms and will likewise register the names of all farmers desiring help. In this manner the two may find an easy way of getting into communication with each other. Already a number of farmers have registered at commercial club headquarters and others are invited to take advantage of the service, which is offered free.

Immense Stores of Grain and Great Naval Stations In Black Sea Fall Into Hands of Hun Invaders

Special to The Democrat-Forum.

Amsterdam, March 18. — Certain German newspapers are attempting to launch another "peace drive" and in view of the fact that the Cologne Gazette is engaged in the campaign movement the report was received here with unusual interest. The Cologne Gazette has the support of the Frankfeurter Zeitung, which argues that the Allies should consider the situation before deciding on the continuation of the conflict. Another newspaper engaged in the peace propaganda is the German chief organ of Berlin Catholics. There is a note of anxiety in a great deal of Germany and comment on the possibility of securing large stores of food supplies from Russia. These fears may have something to do with peace talk.

Copenhagen, March 18.—The German advance along the Black Sea coast in Southern Ukrania continues, according to a report here today. Having occupied Nikolssivi, seventy miles northeast of Odessa the Teutons are now moving directly on Knerson, an important Russian commercial port at the mouth of the Dnieper river. Immense stores of grain have fallen into German hands at Nikolaiev, while the Germans have gained posasession of the great shipyards of the Black Sea naval station. The greater part if not all of the Russian Black Sea fleet fled to Sebastopol when the Germans occupied Odessa, it is now reported, although it is understaood that the invaders captured some small craft in Odessa harbor.

HOLLAND REFUSES SHIPPING

Navy Department Ready to Make Seizure Tonight at Midnight If Demand Is Not Complied With

Washington, March 18.—The navy department was standing by today ready to take over Dutch shipping and it was expected that before midnight the whole question of the transfer would be completed. Although the early reports were that Holland would be given until midnight to make good her reported decision to turn over her vessels in New York ports to the Allies, later developments indicated that her ships were to be seized at noon today as originally determined. About 600,000 tons of shipping is involved.

Holland has refused the demands of the Allies, according to Berlin lispatches and Germany has promised to supply all the coal possible to Holland.

W. Y. COX.

According to the Kansas City Post, the Kansas City Star published an editorial under the caption "If You Were a German," in the early editions of that paper. A photographic reproduction of the editorial in the Star was printed in Sunday's Post. The editorial was as follows:

Suppose you were a German born and bred. Suppose you had been brought up to feel that your country possessed a superior civilization that was the object of envy and hatred of your neighbors. Suppose it had always been borne in you that your nation owed its place in the world to its armies, and that it must extend its power by armed force or else be overthrown. Suppose you had been fed with assertions that your country had been attacked by jealous foes and that it was fighting a successful war against them.

Do you have any idea that under such circumstances you could be brought by persuasion on the part of your enemies to disown your government?

Wouldn't your disposition be to sneer at enemy propaganda and to become more set in your ways? Would anything except military defeat make you check up and inquire into the real significance of a world policy that had involved the nation in disaster?

The following comment was made by the Post:

The above article appears as an editorial expression in today's Kansas City Star — and when you remember that this paper is managed by August Seested, and some of the facts to which he swore a little less than a year ago, you will understand its full import and effect.

Seested, in securing the rights of American citizenship after this country was forced into war by the ruthless Hun, swore that he was born in Germany, lived there until almost maturity, received his education in the schools of the country which teaches that they "possess a superior civilization which is the object of envy and hatred of your neighbors."

View these facts concerning the man who dictates the policy of the paper and then read again that editorial.

Remember, too, that it is the speeches of President Wilson which are now classed as "enemy propaganda"—those great documents of humanity which express the fundamentals of equality, liberty, democracy.

Remember that it is President Wilson who is holding aloft the torch of truth, that its rays may fall upon the deluded subjects of the kaiser, to let them know that we are not fighting peoples, but are fighting against that system of autocracy which ravaged Belgium and Serbia, which plots in other countries, which has been guilty of the greatest atrocities of all times.

Remember that this war must last until all peoples shall rule themselves and democracy become a reality in all the world—a reality for even the people of Germany who are even now breaking away from that feeling of superior civilization and looking for the benefits of peace and freedom from subserviency to a mad monarch.

Remember that the kaiser has used millions in this country in a futile effort to arouse the people of German blood to some sense of love and reverence for their fatherland, has instilled his subtle poison into the press wherever possible, has used every means that intrigue could suggest to obtain aid for his failing cause by dividing the people of this nation.

Remember—and then read again. Do you believe it is an appeal to more vigorous war effort? Or do you believe that it is a subtle appeal to every former subject of the kaiser, who may be hesitating between a fondness for the place of his birth and loyalty to his chosen home, to remember the teachings of his youth,

When you mark the fact that the speeches of President Wilson are classed as "enemy propaganda" you cannot mistake the answer.

P. S.—After the Post appeared on the streets, exposing the pro-German character of the Star editorial, the Star removed the editorial from its columns. You now have the open admission from the Star that what The Post says above is justified. It has confessed.

SHOULD BE FORGIVEN.

Farmers are meat eaters and don't like this idea of no meat on Tuesdays and chickens are too high to use for eating purposes while the season is a little early for fishing in the local streams. One farmer said the other day: "We farmers must have meat every day, but we are loyal and obey the request of the government. I get through Tuesday somehow and at 1 o'clock on Wednesday morning I wake up, get up, make a fire in the kitchen stove, cook me a mess of ham and eggs and then feel all right until another Tuesday comes again. A good many of my neighbors are doing the same thing." This farmer should be forgiven, as he has wheat growing in every field and every fence corner except for a big patch of corn land. We hereby grant him absolution on the meat question provided he sends us some of those hams he has saved up in the smoke house.

HAVE COLOR IN CHEEKS

Be Better Looking—Take Olive Tablets

If your skin is yellow—complexion pallid—tongue coated—appetite poor—you have a bad taste in your mouth—a lazy, no-good feeling—you should take Olive Tablets.

Dr. Edwards' Olive Tablets—a substitute for calomel—were prepared by Dr. Edwards after 17 years of study with his patients.

Dr. Edwards' Olive Tablets are a purely vegetable compound mixed with olive oil. You will know them by their olive color.

To have a clear, pink skin, bright eyes, no pimples, a feeling of buoyancy like childhood days you must get at the cause.

Dr. Edwards' Olive Tablets act on the liver and bowels like calomel—yet have no dangerous after effects.

They start the bile and overcome constipation. That's why millions of boxes are sold annually at 10c and 25c per box. All druggists. Take one or two nightly and note the pleasing results.

Demonstration of Potato War Bread—Harmony High School.

The value of potato bread is that it conserves wheat, supplies heat and energy, saves waste of small potatoes and does not dry out. The following recipe was given for the bread:

2 cup flour.
1 teaspoonful of each, salt and sugar.
1 cup mashed potatoes.
2 cups milk.
½ yeast cake.

Heat milk to boiling then cool. Bake or boil potatoes. Then mash and put through ricer. Dissolve yeast cake in milk. Make sponge as mix milk, yeast cake, salt, sugar, all the mashed or riced potatoes and ½ of flour. Beat well, let stand over night to rise. IN ESSAY CONTEST

(Continued from page 1.)

am saving my money and buying stamps.

We sold our furniture and some of it belonged to me so I got the money for it and bought thrift stamps.

Children can save their pennies and instead of spending so much money for candy can save it and buy thrift stamps.

Boys can bring in the coal and wood, girls can make the beds, wash and wipe the dishes and help their mothers, to get money to buy thrift stamps.

When you buy sixteen twenty-five cent thrift stamps you take this and with a small cash sum exchange it for a war savings stamp equal to five dollars in 1923.

You are not giving this money to the government, but you are loaning it with interest. It is the safest investment in the world for Uncle Sam has promised to pay this debt and he never breaks his promise.

Written by Simeon Wright, who won first for the last four elementary grades:

HOW TO HELP WIN THE WAR THROUGH THRIFT STAMPS.

(Written by Simeon Wright).

The great task before the United States at this time is to help win the greatest war in the history of the world—the war for democracy. The United States hopes to end this war as quickly as possible. To do this the government needs vast quantities of clothing, ammunition, food and many other things that are needed for our troops. To buy this material they must have money.

Everyone who cannot give himself to the government should give something. One of the biggest things we can do at this time is to buy United States thrift stamps. Every time you buy a twenty-five cent stamp you are helping to support a soldier or sailor at the front who is risking his life for you.

We who are too young, too old or physically unfit cannot go to the front and fight, but we can do things that are just as important. The government has made it possible for all of us, rich and poor alike, to help in this big struggle. All of us may not have money but there are many ways for us to make it. Most any boy can get work on a farm and girls can work in the gardens at home. There is plenty of work for all of us if we want to work. Do not think that twenty-five cents is so small an amout that it will not help out. Benjamin Franklin said, "Keep adding little to little and soon there will be a great heap." If all the boys and girls in the United States would help a little it would amount to many dollars. You do not simply give this money to the government, but you save it for yourself at four per cent interest, compounded quarterly. So you see you not only help win the war by giving your money but you are also setting an example that will cause someone else to save. This money will be paid back to you in 1923. Uncle Sam has never failed to pay his debts and when he tells you that he will pay this money back you may be sure that he will do it.

Every time you buy something that you don't really need, just stop and think how much better Uncle Sam could use that money.

Thrift stamps are on sale at any United States post office and many business firms. You buy the stamps at twenty-five cents each, then you go to the post office and pay a few cents extra and exchange them for a five dollar war savings stamp. Now is the time to cultivate habits of thrift.

Let us all buy thrift stamps and help win the war.

The roadster car belonging to J. A. Ford was slightly damaged yesterday when run into by a car driven by a party of young men. The child was thrown from the car but escaped injury.

Twentieth Century Club Anniversary Party

Well, it was some show. We'll put that down for a starter, for Phineas T. Barnum with his three-ring circus, nor Martin Beck with his galaxy of vaudeville artists had nothin on the ladies of the Twentieth Century Club, who put on their annual "stunt" on St. Patrick's eve at the home of Mrs. Ben Chandler on West Third street.

They were all there—St. Pat, Herbert Hoover, Buster Brown, the Gold Dust Twins, Topsy, Aunt Jemima, Cream of Wheat, the White Elephant, a clown, a bareback rider, Lela the Wild Girl, a steam calliope minus the steam, but with every "key" in tooting order, the most wonderful aggregation ever assembled under on canvas, "secured at enormous expense for your amusement and entertainment," as the circus press agent would say. But it would take a better press agent than Barnum or Beck ever had to tell the wonders as exhibited by the ladies on Saturday night for the one price of admission—except there was no admission—you couldn't have bought a ticket, that is, a mere man couldn't—with the price of a Kohinoor diamond, and such a thing as sneaking under the tent was not to be thought of. Most of what follows is mostly hearsay, and now that the subject has been introduced here's the story as nearly as it can be learned.

The ladies having decided on something unusual for their twelfth anniversary celebration decided to divide the membership into six groups, each group to provide a "stunt" all unbeknownst to the others. It was to be a Hooverized affair and but a paltry two dollars was allowed each bunch for the eats. The bunch that put on the cleverest stunt were to receive a prize, likewise the ones that provided the best eats were to be rewarded. The captains of the groups were: Miss Bertha Beal, Mrs. C. C. Hellmers, Mrs. Arthur M. Crooke, Mrs. G. B. Holmes, Miss Ruth Montgomery and Mrs. M. G. Tate.

The prize for the cleverest stunt, a smileage book, was won by the bunch captained by Mrs. Crooke; their "Hoover Band" was a scream and included St. Patrick, Herbert Hoover (the resemblance was marked), Miss Meatless (all bones), Miss Spud (true to nature), Miss Wheatless, Miss Sweetness and Miss Corn (as befitted the occasion). In dialogue they presented their stunt and ended with the song:

We'll rally 'round the farm, girls,
We'll rally once again,
Shouting the battlecry of feed 'em;
We've got the ships and money
And the best of fighting men,
Shouting the battlecry of feed 'em.
The Onion forever,
The corn and the beans,
Hurrah for the taters,
The corn and the greens,
While we'll rally 'round the plow girls,
And take the hoe again,
Shouting the battlecry of feed 'em

Candied potatoes were served.

The prize for the best eats, also a smileage book, was won by the bunch captained by Mrs. Hellmers, and included the Gold Dust Twins, Topsy, Old Black Joe, Aunt Jemima, Cream of Wheat and Old Aunt Jennie. They served cooked and in splendid style right before your eyes delicious hot pancakes that melted in your month.

The bunch captained by Miss Bertha Beal presented an Oriental "fantasy" (guess that name will get by the censor) with dancing girls and tambourine players that might have but recently arrived from the court of "Ali Ben Haddem" or some other potentate. They served cocktails in the manner in which such things are usually served.

The bunch captained by Miss Montgomery displayed themselves in the tanbary arena, the white elephant, the clown, Lela the Wild Girl, the minus-steam calliope and all the other celebrities and were put through their paces by the ring master. Naturally ice cream cones and peanuts formed this course.

The group captained by Mrs. Tate ac-choired a taste for music, the old-fashioned kind, and had with them a skilled accordeon player who made melodious music to the accompaniment of the songs. Naturally again, ginger bread and sweet milk was had in abundance.

The group captained by Mrs. Tate was the "Conservation Bunch," led by Buster Brown and other cohorts in songs and readings, one of which brought into play the name of every member of the club. Coffee and nuts were served.

Over sixty members of the club were present at the novel and amusing frolic, said members being highly elated with the success of their idea.

The following letter has been received by the Nodaway county chapter:

"Nodaway County Chapter,
American Red Cross,
Maryville, Missouri.

"We have received your box containing surgical supplies and have examined same for over-seas shipment. We found all your work exceedingly well done and are most grateful to receive your output, as the call for surgical dressings is most urgent. Thanking you for your good work in behalf of the Red Cross, we remain, yours very truly,

"Katherine Burlingame,
"Chairman Standards Committee, A. R. C. Bureau of Supplies, St. Louis, Missouri."

The Methodist Missionary auxiliary with Miss Bess Curnutt, instructor, more than doubled their output in February over January. In January they made 712 articles; in February, 1,492.

The Mutual auxiliary of Burlington Junction, Miss Arvelia Staples, instructor, completed last week and sent in to headquarters, 50 16-24 paper back pads, 60 many-tailed bandages, 3 aprons, 12 infant quilts and one large comfort.

The Church and Club auxiliary sent in to headquarters last week 70 irrigation pads, 25 many-tailed bandages, 20 triangular bandages.

The ladies of the Graham auxiliary presented Mrs. M. Moore of Skidmore, instructor, with a purse of $21.70 in appreciation of her work with them. The gift was made at their last meeting when Mrs. Moore had given the final instruction to the class.

The chapter shipped to headquarters at St. Louis last week 6,318 surgical dressings, 9,466 hospital garments, refugee clothing, pillows and quilts, hospital linens and miscellaneous articles. The chapter, having outgrown its rooms in the library building, another room is being prepared that will be used for supplies and garment making and will also be secretary's headquarters. The rooms at the library will be given exclusively to surgical dressings.

The United Workers auxiliary made and turned in last week 255 8 x 12 absorbent pads.

White Cloud auxiliary sent in last week 48 8x12 oakum pads, 35 4-tailed bandages, 30 slings, 50 many-tailed bandages, one sweater and one pair of wristlets.

The A. M. W. auxiliary of Orrsburg sent in 300 compresses, 60 oakum pads, 3 sweaters, one pair socks, 3 pair operating leggings.

The Rockford auxiliary sent in last week 20 paper back pads, 10 triangular bandages, 5 abdominal bandages, 50 4 x 4 wipes, 25 2 x 2 wipes and 20 4-tailed bandages.

The Normal auxiliary shipment last week consisted of 25 2 x 2 wipes, 25 4 x 4 wipes, 25 8 x 12 compresses, 48 garments, 10 absorbent pads, 30 triangular bandages, 5 many-tailed bandages, 40 paper back pads and 3 pair wristlets.

The Methodist church, South, auxiliary, under the direction of Miss Bertha Beal, turned in last week 130 12x24 pads, 525 2x2 wipes and 50 triangular bandages. The shipment represents the work of the ladies for one afternoon.

A French girl, 16 years old, in a letter to a war worker in Washington, wrote as follows: "There is a river in France so narrow you can talk across it and birds can fly across it with one sweep of their wings. There are great armies on either bank. They are as far apart as the stars in the sky—as right and wrong. There is a great ocean—it is so wide that the sea gulls cannot fly across it without resting. Upon either shore there are great nations. They are so close, however, that their hearts touch."

The Lasner auxiliary of the Red Cross met last Thursday afternoon with ten members present and completed 550 4 x 4 gauze wipes. This was a splendid afternoon's work, as the instructor, Miss Ella O'Grady, was unable to be present on account of illness.

The members of the Herron Home-making Circle held an all-day meeting last Wednesday at the home of Mrs. Ernest McDowell. One bolt of gauze was made into wipes, bandages and compresses during the day. Another all-day meeting will be held Wednesday, March 20, with Mrs. Charles Porter.

Mr. and Mrs. W. O. Garrett returned Thursday night from a business trip to Fort Worth, Texas.

FAMOUS BULL SOLD

Animal Owned by Matt Baker of Barnard Popular Attraction Disposed of

The famous bull belonging to Matt Baker was sold last Friday on the St. Joseph market, bringing something over $125. This animal is a very popular attraction among visitors to Barnard, for a large number of pictures have been taken of him by the sight-seers. Several years ago he commanded a fair price per day parading the race track at the Maryville fair. It is safe to say that Barnard was the only town in the middle west that could boast of anything so old fashioned as a bull hitched to a cart and being used as a beast of burden. But he is gone now and so has one of our unique attractions.—Barnard Bulletin.

CANDIDATES NEED NOT RESIGN

Special to The Democrat-Forum.

Jefferson City , March 18.—Governer Gardner, replying to a telegram from Provost Marshal General Crowder at Washington asking for his opinion as to the advisability of all members of the local and district exemption board who are candidates for office resigning, said he didn't favor such a step.

"Lost In Transit."

A superannuated suit of corduroy, a red bandana handkerchief, some decrepit dogs and horses and a baby and George Beban, noted Italian impersonator, is ready for the camera, say the scoffers. But those who know him best realize that besides these ingredients it takes one large and understanding heart and a wide experience among the peoples whose very lives he depicts upon the screen, in addition to the heterogeneous collection of "props" customarily used by Mr. Beban.

In "Lost In Transit," his newest Paramount picture, which appears at the Empire theatre tonight, all the aforementioned articles are in evidence, and the baby, "Bob White," who bids fair to become one of the screen's favorite juveniles. This is "Bob White's third Paramount production.

Old Note Is Curiosity.

J. A. Cavanaugh has in his possession something of a curiosity in the shape of a note given fifty years ago by George H. Newton, a minister, to Richard and J. Saunders, for $8.00, and on which are noted credits of twenty cents for "1 paper needles and 1 ball shoe thread." The note was bought by Abraham Collett, father of John Collett, who is now eighty-five years old.

Mr. and Mrs. Frank McKee of Barnard were in Maryville on business Saturday.

IN THE SPRING

will be the great test of a life and death struggle on the Western front. In the everyday walks of life, it is the spring time that brings ill health. One of the chief reasons why the run-down man finds himself in a bad state of health in March or April, is because he has spent nearly all his hours for the past four or five months penned up within the walls of house, factory or office. It is the reason for our diminished resistance—that is, lack of out-door life, coupled with perhaps over-eating, lack of good exercise, insufficient sleep, and constipation. In other words, we keep feeding the furnace with food but do not take out the "clinkers," and our fire does not burn brightly. Always keep the liver active.

There is nothing better for health than taking an occasional mild laxative, perhaps once a week; such a one as you can get at any drug store, made up of May-apple, jalap, aloes, (sugar-coated, tiny, easily taken), which has stood the test of fifty years of approval—namely, Dr. Pierce's Pleasant Pellets. But for the "Spring Fever," the general run-down condition, the lack of ambition, the "blues," one should take a course of treatment every spring; such a standard tonic as Dr. Pierce's Golden Medical Discovery, now to be had in tablet form in sixty-cent vials. Watch the people go plodding along the street. There's no spring, no vitality. A vitalizing tonic such as this vegetable extract of Dr. Pierce's gives you the power to force yourself into action. The brain responds to the new blood in circulation, and thus you're ready to make a fight against stagnation which holds you in bondage. Try it now! Don't wait! To-day is the day to begin. Gain a little "pep," and laugh and live. Vim and vitality are the natural out-pouring of a healthy body. It does not spring up in a night. Try this spring tonic, and you gain the courage that comes with good health.

NERVOUS PROSTRATION

May be Overcome by Lydia E. Pinkham's Vegetable Compound — This Letter Proves It.

West Philadelphia, Pa.—"During the thirty years I have been married, I have been in bad health and had several attacks of nervous prostration until it seemed as if the organs in my whole body were worn out. I was finally persuaded to try Lydia E. Pinkham's Vegetable Compound and it made a well woman of me. I can now do all my housework and advise all ailing women to try Lydia E. Pinkham's Vegetable Compound and I will guarantee they will derive great benefit from it."—Mrs. FRANK FITZGERALD, 25 N. 41st Street, West Philadelphia, Pa.

There are thousands of women everywhere in Mrs. Fitzgerald's condition, suffering from nervousness, backache, headaches, and other symptoms of a functional derangement. It was a grateful spirit for health restored which led her to write this letter so that other women may benefit from her experience and find health as she has done.

For suggestions in regard to your condition write Lydia E. Pinkham Medicine Co., Lynn, Mass. The result of their 40 years experience is at your service.
